I invite you to join me and listen to the music and allow yourself to relax and to get into the sound and allow the music to move you into the deepest spaces of your mind

Let the music assist you in accomplishing your portion of the Divine plan.

During this sacred activity, I will be giving you phrases that you will repeat after me either in your mind or out loud if you can. Let the music blend into every cell molecule atom and electron in your body include your physical mental and emotional body. Let the music pull the Focus of your attention into the power of Your own divinity. Let's begin!

Divine Government Meditation, by Maureen St Germain.

As we begin I will announce each phrase so you can repeat after me if you can, do it. Out loud.

I affirm that I am a powerful being.

I affirm that I have the right to be here.

I confirm that I am co-creating into reality and then I have the right to choose, a Divine government in every place in every country in every city, in every environment whether elected or appointed.

I am at Peace with the world.

I claim peace within the world.

I claim peace for myself and every man, woman and child on this planet.

I am an expression of Divine love.

I am an expression of divinity.

I heart filled with love and gratitude for all of life.

I claim my right to devise government in each and every place on the planet.

I now invite the Angelic Realm to join me in supporting each individual in expressing their most evolved expression.

No matter who they are, where they are, they will be will be gently supported to choose the highest and best good for each and every decision that affects others.

I demand that the Divine spark each and every human be reignited for their highest purpose.

Now, imagine all forms of government shifting for the highest purpose all people.

Imagine each and every leader is filled with Divine light. The Divine light of Who They truly are.

And, let each one the more connected to their divinity so these shifts and changes become the natural choice.

We also demand the removal of any and all who would continue to hold mankind hostage.

We demanded removal of any and all who would stand in the way of our own mastery.

We claim our divinity and our rights to demand all these energies that are against humanity to leave at once.

I stand at the threshold of a new world.

This world is supported by mutual support one another.

I invoke the Divinity in each and every one of us to support Divine government on earth and elsewhere in the cosmos.

I invite this light, this Divine Self to be present in all leaders of any kind, throughout the planet.

Let all of heaven move to support those who willing to express Divine governments now.

We invoke Archangel Michael and the legions of the entire angelic realm to support God's plan for all of life.

We ask Archangel Michael to inspire and protect any and all who are in Divine service, to Any nation, state, city, town or other governmental form in every place on Earth.

I choose Divine Government for myself and for all of humanity. It is so, is done.
