

ORION SERIES BLENDS (Formerly Aromandalas®)

5 ml bottles
Set or individual

Vibranz has teamed with 'The Practical Mystic', Maureen St. Germain, to release these amazing channeled blends of the Orion Series. Previously known as AroMandalas® in many of Maureen's books, these blends are not like anything else currently on the market. The Orion Series are divinely sourced and are pure plant extracts without any additional carrier oils added. They have very specific properties for healing the most important energies of the emotional body's energy field, where many believe most diseases originate.

HOW ARE THE ORION SERIES DIFFERENT FROM OTHER ESSENTIAL OILS?

The Orion Series plant essential oils combine three spiritual and healing traditions that have been used around the globe since ancient times. Traditionally, essential oils have been used to lift the spirit and enhance the energies of the body. Scientifically, we know that their fragrance allows information to travel rapidly along neurons deep into the center of the brain where they influence our emotions, learning and memory.

Sacred geometry is replicated throughout in every chromosome of every cell in our bodies, all of nature, the solar system and the universe. Using shapes and color, the mandala is a circle in which a sacred symbol is created to represent wholeness and healing. With the use of these powerful blends, one may reproduce beautiful ancient rituals, intensify the quality of meditation and enhance a spiritual evolution.

The Orion Series Blends are not created for use as perfumes of pleasing scents. They are not designed for everyone. The specific purpose of the Orion Series Blends is in awakening deep emotional and spiritual memories to enhance your meditation practice. Be sure to take the time to center yourself and set your intentions!.

HOW TO USE THE ORION SERIES BLENDS

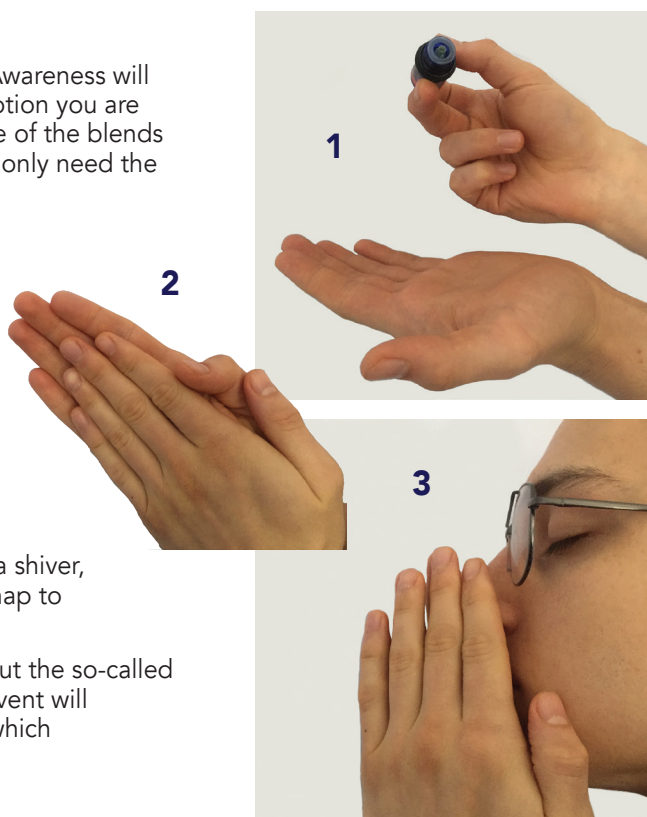

Pick one of your Orion Series Essential Oil Blends randomly – your Inner Awareness will know which one! You might look up what each one does, to see what emotion you are working with. However, spirit works well with your "random" choice. Some of the blends are directly proactive, even when they have a "repair function" you might only need the "seed" (positive emotion) to rebalance and repair your field.

1. Gently shake 1-2 drops onto the palm of your hand.
2. Put your hands together as if in prayer. Rub your hands together to warm the blend.
3. Hold your hands to your face and inhale deeply. Move your hands away and exhale. Repeat breathing in the blend three times.

Sit quietly while holding the Intention Disc in your left hand and the Orion Disc in your right hand. Set your intention: "I am ready and willing to release all incoherent energy and release my emotional body from any and all emotional charge around this issue."

Wait until you feel a shift. It may take the form of a yawn, a cough a sigh, a shiver, etc., or simply a sense of peace. If it is really big, do this before bed or a nap to free your mental body from its "broken record" habit. Wake up clear.

PLEASE NOTE: You may discover that you don't remember anything about the so-called event that triggered you immediately. This is good. Your memory of the event will return to your memory banks of your mind, after everything has cleared, which may take up to two weeks! Be ready to be surprised.
